on April, 11th, 1990.

Having descended in a new Spiritual
Body, Mother the World has begun
the Universal Program of Transfor-
mation and Rescue of a planet the

Dark Forces. For the Earth is the
Woman too. And everyone uses it in
own way. But on protection of the

Has Descended in the Matter.

The Transformation is the open con-
sciousness radiating the Light (Fohatic)
Energy of Absolute frequency. It is
full Harmony and Unity Earthly and
Heavenly, Male and Female, internal

and external. It is the hermetic formula unity souls and bodies, Creators and Her Creations.

Not a secret that nowadays the global processes of polarity reversal proceed in Solar System. It concerns not only the Earth, but also all nearby Space. 21 year I prepare consciousness of a planet for Quantum Jump and transition in a new time coil — a new formation of mankind of the Sixth Race. All this time I Going by Thorny Road of the Pathfinder, the Woman-Messiah. I Have begun the Spiritual Way the Woman-High Priestess, Matriarch of the Great White Brotherhood — and I Finishing by the Siriusian Goddess-Mother Isis-Sothis (Sofis) — Sofia of the Wise, Opened to the formed people the Planetary Culture filled with the Most Ancient Knowledge.

And it was given by Me in high-grade, beautifully in a Female way, in the higher form of its manifestation — the Spiritual Poly Art, born of Holy Spirit. The elected has accepted the Culture of the Golden Age which is Quintessence of all Spiritual sciences.

The Rise
of the 5th Race

*«Become a Pyramid
amidst the circle of Eternity»
(Egyptian saying).*

The Heavens
... coupled with
the Earth, and the planet,
drinking in the sky, swayed
slightly. The entire cosmos was
born.

We descended to Earth to help
its inhabitants find the lost paradise...

The barque of millions of years stopped
above the 30th parallel, and we descended
smoothly to the place later known as Kamit, Koptos,
Egypt.

...At first all was done at the level of the consciousness
of the 7th Race, the gods, but when civilisation was created, the 5th Race, our
own, emerged. 5 Races pass through the involational male cycle, each having rep-
resentatives of all levels of consciousness — the octave of development. The second cycle,

female, evolutionary, begins with the 6th Race, and, in the 7th, merges with the celestial ones.

The 1st thing We did was to build the Pyramid Aṣt, which means 'Star of Isis'.

With the help of the ankh, the Key of Life, and the Bow of the Covenant, Osiris carried blocks of stone through the air. I chose the spot, strictly in accordance with the layout of the Stars of the Celestial Duat, and established the Aṣtral Temple, placing in it the entire Cosmic Programme and the Science of Light and its Transformation.

The map of the Pyramid, with its secret chambers and corridors was composed by Me. Granite slabs and blocks of limestone were fashioned from a cliff by Thoth and shaped by him with the help of a cosmic ray. When Osiris transformed the stones, arranging them mentally in cubic space, in the order of the celestial hierarchy, a great sacrament was completed for Earth in which were concealed the whole of Eternity and the Law of Light. All this was supposed to serve the Last Times, when earthlings will merge with the darkness, and the Great Mother of Consolation will appear to Lift the Veil of Isis and Save the dying planet.

The Pyramid Aṣt became a dwelling Temple for us, the earthly sanctuary in which the Programme was completed for building a powerful, supra-cosmic civilisation after the destruction of Atlantis. The Pyramid Aṣt is the gateway to the Stars for us, and it is precisely through Aṣt that we returned to our own stars when our time on Earth was over.

Sirius and Orion watched over us constantly, sending to Earth, for us, the information and support we needed.

Itinerant Deities, in the face of the First Cosmic Couple taught the earthlings architecture, the arts, spacecraft construction, astrology, the Great Philosophy of Life, Sacral Knowledge, the exact sciences and high technologies, agriculture, and healing. The map of the sky was transferred to Earth, to Kamit. The Harmony of the Matter and the Spirit created miracles. We brought from Sirius all the cultures and land-and-sea animals necessary to the evolution of mankind. Eating Sirusian tubers, fruits and grains, using plants and oils, Man became able independently to control the processes of metabolism and biosynthesis in his body. This developed sensitive capabilities, as well as endurance, will,

life force, and the physical and mental health of the earthlings. People did not grow old, lifespans were measured in millennia, and death was seen as a voluntary and natural transition to another sphere of consciousness.

Furthermore, we created such climatic conditions on the 30th parallel that the world became like Paradise. The Earth gave its fruit all year round, the waters were clear and clean, and the air wholesome. The atmospheric pressure was such that it was possible to leave the ground and move freely and easily through the air.

The Nile — the Heavenly river — reflected in its twists and flows the course of the Milky Way, the Seeds of Osiris. The Earth eagerly absorbed the life-giving moisture, and was fertile, like the Great Mother.

Osiris and I worshipped RA, the Source of the Fohat (quantum energy of light) and Electricity both in Heaven and

on Earth. Ra is Absolute Harmony, Conjunction, the unity of the Original Male and Female Essences, the Brahmajyoti, Nirvana, the Eternal Intelligence, the Soul and the Spirit. The people worshipped us, the Great Isis and Osiris, the Mother and Father of Cosmic Space and Time, representing the One RA in Eternity.

This spread over the whole Earth, and existed as long as our powerful civilisation.

The Cosmic Knowledge that we gave allowed the initiated to raise beautiful cities and temples, to build towers and pyramids. One language was spoken everywhere, with the Russian root 'RA', meaning 'Gold, Sun, Heavenly Light', because in ancient times the language of Earth was also spoken on Sirius. And people called us the Russy of the Nile...

But the time came for mankind to be tested, and that task fell to Seth.

Of course, he immediately started to harm Me. While My Beloved Husband was wandering the Earth and sowing Knowledge wherever he went, while he was building entire cities and establishing just laws for all, Seth was perfidiously plotting to kill him.

And when he had completed his design, he imprisoned Me and My Infant Son, Horus, in a dungeon. All the suffering of Mankind lay on My shoulders, but the Power of the Light was always with me, and I constantly defeated Seth, thwarting his machinations...

I had two Hypostases, one Earthly and one Heavenly, even as Seth was the hidden side of My Spouse, Osiris. When materialism began to reign on Earth, Seth received RA's permission to take his brother's life. I, as Nephthis, was considered to be his wife, but I did not love Seth, and I conceived my son Anubis with Osiris. Anubis became the eternal guard of Isis. Seth tried by various means to prevail over Me, he pursued Me and sought devious ways to defeat Me. I escaped from his nets using magic. Later, he sought the death of My Son, Horus, but victory went to us.

Then, to complete the Lunar Mystery, Seth was assigned a terrible role in the history of Creation. He killed Osiris twice. Once he persuaded him to lie in a luxurious sarcophagus, then slammed the lid shut. He nailed the lid down, then flooded the sarcophagus with molten lead, and lowered Osiris's

body into the river. Albeit at the cost of many ordeals and much suffering, I found the ill-fated sarcophagus, and having revived My Husband's lifeless body, I conceived Horus.

On the second occasion, Seth, taking advantage of My absence, kidnapped Osiris, cut his body into 14 pieces and scattered these over the whole earth. The Moon bears upon itself an imprint of this tragedy. In its eternal Cosmogonical ritual, the Moon is full for 14 days, and then, for the same period, loses its light and disappears from the horizon. Then, 3 days later, it is reborn, like the resurrected Osiris.

*«...Луна в Себе таит
Чудесную Трансформу:
лишь ночь Она горит,
затем меняет форму.*

*Четырнадцать Огней
Луна в себе теряет.
В течении трёх дней
Серп в Небе Воскресает!..»**

Precisely because of the Moon, Osiris was transformed into Orion.

Seth, by the way, did nothing new in the History of mankind. He played exactly the same role in each of his incarnations. As things were at the Dawn of civilisation, so they remained throughout the ages. At last, the Cosmic Drama is unfolding in the Last Time, but with one difference: Horus (Chorus) — **CHRST** — (Christos), whom Isis resurrected, her eternal Son/Husband, is defeating the Evil of the World, in the form of Seth, once and for all, and sees clearly **forever**.

*«Благословенный Мой навеки!
Благословлённый Мной на Веки!
На Веки Свет Пал Изнутри: Смотри!»***

Today, when the selfsame fate has overtaken mankind (physical and moral degradation, the evening-out of spiritual values, a drop to the 3rd octave of development, adequate for

the level of animals), the Cosmic Drama is once more unfolding — but from the end...

Although today the Pyramid of **Ast** has been destroyed by unreasoning earthlings seeking money and power, it will soon Rise again, through the Power of its Mistress.

At the instant of the Quantum Leap, when the poles of the Earth become demagnetised, and the Earth itself turns over, the Pyramid **Ast** will be revealed for the Transformation of the extraterrestrial Cosmic Ambassadors to their own Stars.

Part II

The Victory of Horus over Seth – of Cosmic Good over Evil

(legend and fact)

*«His Great Mother protects Horus
and destroys those who rise against Him...»*

(«The Book of coming forth by day», ch.157).

Long, long ago, at the dawning of the world's civilisation after the great flood, the stars in the sky arranged themselves in such a way that the 5 Supreme Powers, headed by the Great Mother of the Universe, Isis, and father Osiris, descended to Earth. In the land of Kamit, they left a chart of the Heavens.

The Milky Way, along which the Gods had descended to Earth, was materialised in the Water Way channelled across the blessed land of the Cosmic Travellers. This river was called the Nile, which means heavenly 'silt' or soil, the starlight or milk that spreads over Heaven and Earth.

In fact, language came from the Heavens; the particle 'il' contains the first mystery of being, the basis of the life- existence and fertility in water, or the light-flow that gives form to every living thing. It is no accident that all theonyms contain the root 'il', which means 'divine'. Thus, for instance, Iliad, Helios, Il'ya Muromets, Il'ya the Prophet and so on. 'Ili' means 'god' or 'light', hence the word 'illustration', which is the light-form of a thing or event, 'illumination' (lighting up), 'illusion' (imagining or 'maya'), idyll (peaceful harmony).

Following the name of the River Nile (in ancient Greek 'Aigiptos'), the ancient land of Kamit later came to be called Egypt, which meant the Heavenly River or the Milky Way.

The three main pyramids — Khufu, Khaffra and Menkaure — became the reflection of the ancestral homeland of the visitors. They form the exact shape of the stars in Orion's Belt, which points directly to Sirius-Sothis rising in the eastern part of the Sky. This is one of the brightest stars; it represents a dual star system and can be observed from any point on our planet. Sirius is thought to be the star of Isis, and Orion constellation the home of Osiris...

Here, on the bank of the Nile, in the bitter mists of morning, Isis gave birth and suck to her beloved Son, Horus, who is Osiris incarnate. From childhood he was fed on the mist, divine, life-giving moisture; pure of soul he was, and trustingly open to the world. Because Horus was the embodiment of Light and Virtue, Darkness in the shape of Seth, repeatedly persecuted him and sought to vanquish and destroy him.

The youthful Horus grew quickly and bore the marks of wisdom, for he had been fed on the Milk of the Goddess Isis. The Great Mother revealed the Secret Knowledge to him from his childhood.

Horus asked, *'O Heavenly Mother, where do male and female souls come from?'* Isis replied, *'Souls, Horus My Son, have of themselves one single nature, they all come from the same place, where the Creator made them, and are neither male nor female. Gender is a property of the body, not the soul'.*

'And how is it, Mother, that souls have reason?' Isis replied, *'Reason, my son, is imprisoned in the membranes (subtle bodies). When it is dense and thick, the gaze is dim, when it is fine and light, the gaze is sharper. So it is with the soul, for it, too has membranes, incorporeal like the soul itself. These membranes are the ethers within us. When they are light, fine and pure, the soul is intelligent, and vice versa, when they are dense, thick and clouded, vision and premonition are as they are during bad weather — souls do not see far, but only what is right under their feet'.*

Horus was illuminated in the Mysteries of Heaven and Earth, and knew the Universal Cosmic Reality. He knew that what was above was also below, and what was below was reflected above. His land, the planet Egypt, then became such a reflection.

The Star map was transferred to Earth, and its creators, dwelling on the world stage, were playing their Heavenly Script, reflecting the cosmogonic events on Earth. Once more the Cosmic Drama unfolded, and it was thereafter repeated from age to age, down to our time...

*- Plutarch, the Virgin of the World, 125:129.

Seth, the Lord of Darkness and evil forces, constantly persecuted the Divine Isis. He hated her for Her Beauty, Wisdom, Strength and Will. Seth, applying cunning and deceit, slew his Brother, Osiris, the Divine Consort of Isis, out of envy and a thirst to acquire primogeniture — just like Cain did it with Abel.

During her time on Earth, Isis suffered greatly at the hands of Seth and the forces of evil. She devoted herself entirely to the search for the slain Osiris. Seth was not content even after Osiris's death. When Isis tried to resurrect Her Consort, Seth abused his corpse, cutting it into 14 pieces, which he scattered all over the world. In memory of this, the full Moon disappears from the horizon for 14 days, and its rebirth and resurrection take place 3 days later. For the loving Isis gathered together the pieces of her beloved consort's corpse and made of them a single whole. Then She contrived to conceive and give him rebirth in the form of Horus the Son.

The Sun-God was born by the Solar Mother of Gods, Isis, and shone with the Strength of the Light of RA — his Father, Osiris.

Seth tried everything to destroy the Mother and Child. He locked them in a prison and let in scorpions, which fatally stung the infant Horus, and tried all means to slay him, even taking one of his eyes. Isis always came in time to save Her Beloved Son, rescue him from the terrible Seth, heal him, and bring him back to life with the Strength of Her Love and Will. But the battle between Light and Dark continued...

★ ★ ★

One day, the 14th day of the Moon, Horus was returning to his beloved Mother. During the full moon, Isis liked sailing away in her old barque, moored on the west bank of the Nile, but Horus never left Her on her own.

Approaching the Sanctuary, Horus slowed his pace and involuntarily began to admire the splendour of the night. The water glittered with reflected Light, and the Sphinx, facing east, was dreaming in the midnight silence. On the water, Isis' old barque seemed to him like the huge spaceship on which the gods had arrived from their beautiful Star, called Sirius-Sothis. Even such had been the

Barque of Millions of Years that had floated in the Heavens with the Ennead of Star Gods...

...A gentle breeze caressed his bare shoulders, he remembered the desired Hathor and bore himself up into the Endless Blue of the Heavens!

'Amenti, I seem to belong to you!' Horus whispered in the ecstasy of flight. He became engrossed in bright visions of past, present and future, of what had, and would yet, be done. He knew that Truth means «She» — ISIS.

Suddenly, someone's penetrating voice brought him abruptly back to Earth.

'Geru, Geru! I've been waiting for you for more than 2 hours. Is it not true that the full-bodied queen of the night stands today in all her beauty in the constellation of Orion?.. You must without fail go with me to my garden. Let us go! I blessed by Her Majesty — RA to establish peace between us, and to have done with dissension. Let us go! Selena has given her sign to us...'

And trusting Horus, like Osiris, his Father, before him, believed Seth and went with him. However, Seth had lured Osiris to lie in a sarcophagus, and Horus — to come to his home. Once again, Seth deceived Horus, and launched his guileful scheme.

...During the full Moon, Isis spent her nights on the Barque of Millions of Years. This was Her secret ritual, devoted to Osiris, and only Horus knew of it. He placed 2 lily wreaths on the water, lit a fire on the bank of dry, buoyant juniper branches, cedar and driftwood, and sang:

«Om Asar, Aset, Geru!

I am the Star that rises in the East.

I am the endless silent sea...

I am Isis who Veils Her Head;

I have emerged from the darkness of the Sanctuary.

I am older than Time itself;

All will return to Me at the end of time;

Man receives his fate at My hands;

*He who drains the waters from the Hidden Source

and will find the only WWay that leads to Me

Selena-Moon, Reya!»

Her face poured out the superhuman fires of nature, She was borne aloft on wings and smoothly set down on the Barque moored on the western shores of the Nile. She lay recumbent and became absorbed in the charmed dream of the Great Mother who knows the Truth, and who lives in the Name of Truth on Earth. Engrossed in a dream of flight, She bore herself to Sirius, to the crystal couch, to the pink bedchamber with no doors, windows or walls and that lies among flowers and stars. She failed to notice Seth once more enticing Horus into his cunning toils.

But divine providence suddenly showed Her a dreadful picture. Seth had established, before the court of the Ennead, Horus's guilt of a deadly sin, and was about to ascend the throne as ruler of Egypt.

Isis immediately returned to Earth and, in the blink of an eye, made headlong for Seth's garden. The gatekeeper would not admit the Goddess, but She turned herself into a beautiful young girl and thus entered the accursed garden. Horus seemed to have suffered a disaster. He was lying on his back, covered with blood. Seth had torn out one of his eyes, as Horus lay resting in the oasis after their duel. Horus spent the night in torment thinking about what had happened.

Towards morning, the fair Hathor (who embodies the Strength of the Sun), appeared in the form of a young maiden to assist Horus. She comforted him and bathed his gaping wounds with the milk

of a young gazelle. His patron, Tekhuti, also came. As in the case of the scorpions, he helped Isis to heal her Beloved Son. Horus recovered his sight...

But Seth would not rest. He decided to smear the reputation of Horus before the court of the Ennead, as Isis had foreseen in Her vivid dream. Isis came once more, and gave her power to Horus, and he became invincible. As is written in the pyramid scrolls:

The Wife of Orion

*«For I'm – the First and the Last.
I'm – Honored and despised.
I am a loose woman and the Sacred One.
I am a Wife, and I am a Virgin.
I am a Mother and the daughter...»*

*(«The Thunder. Perfect Mind»,
Apocryphal manuscripts).*

The sparkling tunnel from set of color rings slowly disappeared in other space of Heavens. There wasn't Time yet. The through-flow silence occasionally vibrated from the mysterious silk grasses and plants whispering in emerald shining. Music of Spheres was heard through the radiant atmosphere of the renovated planet.

The space was more and more filled and vibrated in color sounds of the awaking up Nature. Two Suns, as cosmic eyes of Horus, with astonishment looked from Heavens on the new world, endowing all the living with polyphonic magnificent gold. It streamed in transparent water, played on rocks and the semi-precious stones, sparkling in water. The brightest light didn't blind, but, more likely, nourished, saturating with itself all breathing. And it was plentiful and generous. The nature greedy and enthusiastically absorbed an electricity, fohatizing (filling with light) and shining from within in the myriads of small suns-fohatics.

The Idyll of harmony immersed in subtle-sounds of the new dimension, in contemplation of original beauty, in triumphal cleanliness of the Perfect Being of the reborn planet Earth into Bohemia. «God — is Mother!» — the surrounding space echoed.

The white wings of the huge Bird, soaring in the air sparkled with all the colours of the Rainbow. The bird was huge, and, amazingly, hovered above the surface of a broad lake, admiring its reflection in the water, the surface of which was like a mirror the colour of old turquoise. Reflection soared together with the Bird because the 4-dimensionality of spaces allowed to feel world around in volume and to move together with its forms real and illusory — free, in any direction: to disappear and to appear again.

EzEz, Oset, Ast — at last, is free, as a bird! She also has imagined herself as a magic bird and, and at once, has shot up in the Sky!

Persephona, Diana, Maria — changeable, as the sea. Ishtar, Kibella, Aphrodite — is fine, as a young Universe. Sophia, White Tara, Maytraiya — is wise, as Eternity. Shakti, Hathor, Lakshmi — is sweet, as Amrita...

Now She — the White Bird, in wingspan resembles one of the heavenly vimans! She is free and self-sufficient, majestically floating over the Earth, bathing in live gold of breathing space.

A vibrant, multi-colored landscape painting. The sky is a deep blue with a large, soft pink cloud. The land is a mix of green, yellow, and blue, with a small boat on a river in the foreground. The overall style is expressive and colorful.

She has immersed into Herself with inspiration. Nothing except flight. Only free wingspan and soaring...

I — Am free!
I am the Mother of the World, and the World is My naive and lovely child — is pure, as a clean sheet of paper. There is no harm, violence, defects, there are no thoughts and voices. And only white noise of the Nature. And sensation of Oneness of the Creator and Creation. All is filled by Universal LOVE and True Joyfulness, for: the Order, Cleanliness, Harmony have affirmed in the sphere of the transfigured planet.

Differently time flows. Or, its counting doesn't measured yet by the person. Because anybody isn't here, except the White Soaring Bird. And only the first and second octave of the sixth level of consciousness: elementals, stones, plants with insects are forming a vibrating background on a planet.

Oh, Idyll of Space Ocean, Heavenly Spirit, Solar Light, Lunar Magnetism! The flowers on primordial uncuted meadows magically smell, the bees cheerfully buzz, collecting pure nectar, and air exhales aromas of wild honey...

There were no yet animals, the Human Being wasn't embodied yet. Only the gold lying on a surface of the earth, semi-precious stones, crystals and a magnificent multi-herbal carpet with small bugs, bees and bright-winged dragonflies...

...Isis has risen highly over a rock and then has smoothly planned directly on the top similar to the truncated pyramid.

— Aum-RA! — has sung Isis, and air has begun to vibrate. Sounds have turned to multi-colored ringlets and have flown, transforming into balls.

— HURRAH! — the corridor of shone rings has formed a tunnel in other space, and Isis, at the same moment, has appeared in The crystal sphere in the centre of Orion...

Thin shoulder-shield from a diamond plate was shone from within from a rotation of a grid of the ground crystals which vibrated and created a gentle melody of a light field. It is an additional protection from different — frequency — vibrations of surrounding inhabitants of Orion.

Sandals from pure alchemical gold, leg's and two pairs of arm's bracelets — protected Isis from overloads of a gravitational field of a planet because on Orion She

appeared during the critical periods of Solar System. And She had to constrain the Absolute of radiations of Her own biofield not to irradiate Orians and not to do much harm to Her own health, contacting with the lower streams.

And only in the Spiritual Sphere, in the True House, the Mother of the World becomes the Absolute Source of Light, Self-sufficient and Incomprehensible, — by no one being! She Herself can not comprehend Self, because She is constantly Different and Self-Created — the Eternal Mother of all existence... AUM-RA!

He dwells on Orion, Her Eternal Beloved — Horus. He is at once Her Son, Her Spouse and Her Father. His Beloved Isis appears to Horus in these Manifestations.

He calls Her, «My Truth», because Ast means Ist (Istina — truth in russian), or «Her Substance», and Truth calls Her Beloved «Golden», «Light», «Sun», for Horus is indeed the Golden Solstice. He is the Original Light, and the Highest Principle of all creation, Her Ideal Son-Husband-Father, Osiris...

Tifon (Seth) is here as well, the eternal force of chaos, in constant conflict with Osiris. Although he is servant to the Great Mother, he has no wish to be hierarchically lower than Osiris, whom He considers his opposite counterpart. Seth-Tifon will exist until mankind has obtained the experience of ages and the wisdom of life on Earth.

On Orion, Tifon is meekness itself, awaiting the commands of the Great Mother to test some tabernacle of incomplete souls. Although his tricks are harsh and chaotic, the probation tempers the souls and helps them evolve more quickly. Tifon must remain in his role until creation is complete...

Meantime, the Earth has been transformed into Bohemia, and the people of the Sixth Race have not yet settled the planet, which has been cleansed by a gigantic cataclysm. It will be necessary for Tifon again to invade the earthly tabernacle and again shake up the human race.

Thus, from age to age his role is unchanged; neither do the roles of the Great Isis-Sothis and

her Son-Husband-Father, Osiris. Tifon, however, is more adapted to the material than the spiritual Osiris-Horus, but Isis is more Powerful than he is and defeats constantly and completely, despite Tifon's cunning and unwillingness to submit to such an inglorious lot...

Nonetheless, on Orion, Horus, Isis-Sothis, Tifon-Set and the White Host fell almost as protected as they would at home...

IV

O Orion became the Tabernacle of the Star Gods after the dark forces invaded the Earth, the nearest stars and the planes of the Solar System. Even Sirius was shaken by the dark ones. Sirius-Sothis, the star of Isis, Rose purple in the Sky, as though bathed in blood. This continued until Christ-Osiris appeared on Earth as the Saviour. Sirius was freed from it's conquerors only after His Resurrection.

Although the Mother of the Gods cannot be touched by death, and dwells on the Spiritual Plane, She, who Toils for the Universe, must be a constant Participant in the Cosmic Drama of Creation. From age to age, Isis must also emerge victorious in the struggle between

Good and Evil throughout the universe, so fulfilling the role of the Extraterrestrial Shield of the Powers of Light.

The Great Mother with 10,000 Names (Isis, Ist, Ishtar, Mary, Sophia, Mara, Hathor, Sekmet, White Tara, Lada, Maytraiya, Guan-in, Persefona, Afrodita, Amaterasu, Ninhursag, Afina, Artemida, Maat to name but a few) must spend the entire age on to name but a few) must spend the entire age on Orion and directly sustain the energy of Bohemia as mankind grows stronger and rises to the 7th level of creation, the level of the 7th Race.

Hence the protective neckpiece, the bracelets, the tiara on her head, the golden sandals — all these are both adornments of the Goddess and attributive transformers of the energy flows. Her new garments are more subtle and tenuous than on Earth before the catastrophe.

Yime passes differently on Orion. Isis is able to be in different planes at the same time. Her incorporeal body takes her to the Spiritual Plane, occasionally visits Sirius, and, as the White Bird, circles above Bohemia...

She was in the Sirius System when Atlantis perished, the time of the 4th Race having come to an end. That is when, 13,000 years ago, after the catastrophe, she, at the head of the Astral Hierarchy, flew in a Viman to Earth with Osiris, Tifon, Tekhuti and Horus as founders of the new civilisation of the 5th Race. At that time, on the 30th parallel on Earth, the foundation was laid of a powerful extraterrestrial civilisation which combine all the Spiritual Wisdom within itself. Isis, Osiris and Thoth raised the Great PyRAMid Ast, and left mankind with the Heavenly Keys to self-knowledge. But people did not use the Cosmic Knowledge, and once again brought the planet to destruction. At the end of the time of the 5th, and most fallen, Race of Mankind, Isis once more had to appear on Earth as the Mother of the World. Although the Cosmic Drama repeated itself again, the True Knowledge, which the Great Mother revealed to those who could see, became the foundation of the 6th Race, and helped Earth to make the Quantum Leap to a new dimension, to a new level of consciousness.

Twenty two years the Mother of the World spent on Earth with Her Hierarchy as the Maytraiya — The Messiah-Saviour — the Holy Spirit, but the world would not recognise its Mother or receive Her Word and apply the Law of Love. Only the chosen knew of Her Coming and received Her Science, for they bathed in the light of Her Auriferous Power and Creativeness, following Her along a treacherous path of suffering and persecution. When the last arcane was complete, the stars changed and the heads of men were filled with darkness. Tifon came into his power as Gagtungr. The Prince of Darkness. He hated the world and drew it into the Abyss.

Revelation (Bible): 15 The second beast was given power to give breath to the image of the first beast, so that the image could speak and cause all who refused to worship the image to be killed. 16 It also forced all people, great and small, rich and poor, free and slave, to receive a mark on their right hands or on their foreheads, 17 so that they could not buy or sell unless they had the mark, which is the name of the beast or the number of its name. 18 This calls for wisdom. Let the person who has insight calculate the number of the beast, for it is the number of a man.[e] That number is 666 (Rev., chapter 13. Bible).

Not recognising their Saviour, thousands of millions of men were enslaved by the Darkness, and plunged into the pestilence, famine, disease and the wild horror of existence. Only 144,000 devoted Warriors of Light gained vision and Life Eternal, having recognised the Great Mother of the World.

13 Then one of the elders asked me, «These in white robes — who are they, and where did they come from?» 14 I answered, «Sir, you know». And he said, «These are they who have come out of the great tribulation; they have washed their robes and made them white in the Blood of the Lamb. 15» (Rev., chapter 7. Bible).

Isis still could not expunge from Her memory the terrible experience of her last Appearance on Earth as the Epochal Teacher-Avatar of the 5th Race. Scenes from Her hard life constantly floated before her eyes.

Kali-Yuga was the iron age, a period of hatred and violence, cruelty and quasi-spirituality, that sterilised mens' minds of the Image of the Mother-Primogenetrix, the Primeval Power, the one Who Gave Birth of herself to the Male Principle and all that lives.

After the destruction of Atlantis, the Goddess-Mother appeared for a time only during the age of the Pyramids, and, covering Her Name and Visage, was obliged to give freedom to the Male Principle.

Horst-Christos means «the Golden Solstice», for the ancient Vedic root Chr or Hor (symbol X — in Russian) meant Sun or light (X is an androgynic symbol, the feminine CHr (X) is the chromosome of RA, Light). RA, of course, is of the feminine gender, since it appears as the ancient Name of the

Mother of Light, and the ending of that Name is feminine in Vedic Language. The Holy Spirit is the Primeval Fohatic (Fohat) Light Energy of Absolute Frequency, the Energy of Eternity, Living Gold.

When the planetary Logos Horst-Christos — Son of the Great Mother Isis — came to establish the Law of Love in the 5th Race, the Jewish priests repudiated Him. They distorted His Teaching totally, and turned the world completely away from the Spiritual Mother of Christ, Isis, by cynically substituting images.

The reincarnation of Isis — Mary, called 'the Magdalene' by those who rewrote the story — was turned into the biblical scarlet woman, whereas the earthly woman who gave birth to Jesus came to be called the Mother of God. In the age of Kali-Yuga, earthly relatives could not attribute spiritual origins to their children, mostly because the karmic law of cause and effect was at work, and souls were constantly reincarnating. Only the Coming of the Messiah, the Spiritual Avatar, was possible through Spiritual Birth from Above.

Jesus became Christ at age 30, when he was reborn from Above of the Holy Spirit, i.e. of the Spiritual Mother of Light. The twice-born Jesus received illumination to the 7th level of consciousness, and became the Man-God, the Christ. The earthly mother of Jesus had no connection whatsoever to the Spiritual plane. The incarnation of the Mother-Goddess in the Age of Pisces was Mary, the Saviour's Spouse and Close Associate.

However, the world did not accept this Sacrifice, and distorted the whole essence of the Appearance and Teaching of Jesus. Horst was playing the role of the Heavenly Father, Osiris, on Earth, as the Beloved Spouse of Mary — the Great and Holy Priestess of the Mother-Goddess. After Their departure, the Byzantine 'fathers' once again sterilised the Feminine Principle from the Teaching of Christ, making him 'virginal', deprived of any Divine Image or Semblance (for, in the age of the patriarchate, anything to do with women was considered shameful and indecent). Gagtungr (Satan) assisted this process, in order to test the faith of the earthlings.

Towards the end of the 5th Race, sin had completely overcome the planet Earth. People had begun to act lawlessly in the name of Jesus Christ; they had distorted His prophecy about the Appearance, at the end of the age of the Spirit of Truth, of the Holy Spirit — the Consoler, Who is the Mother of the World.

«Harken! She is the Divine Consoler, the Holy Spirit, one with God, but the world cannot accept Her, for it does not see Her, but you know Her, and will always know Her, for She dwells in your soul...

*...Grieve not at My departure, for it is meet that I should go. If I do not go, She, the Consoler, will not come to you... I say this because I am with you in the flesh, but...when the Holy Spirit comes in Her Power, She will teach you more and more and lead you to the recollection of all that I have said to you... But I say this — before the Great Day of the Lord, the Holy Spirit will reveal all mysteries... And Jesus said, «the Holy Spirit is Truth, and the Truth is God...»**

In Hebrew, 'ruah' means 'spirit'; this word is of feminine gender only, and is assonant with the Russian 'RA', there being the same sounds (h, RA), and again the female chromosome (X-can be understood only by one, who knows Russian Language). However, history was rewritten, and the 'holy fathers' changed the Holy Spirit into the third Hypostasis of the

Trinity, where all three are man-Gods. The Name of the ancient Goddess was forbidden in the age of the triumph of male pragmatism. Thus, with the humiliation of the ancient Goddess, the priests of Darkness replaced the spiritual values on Earth, and the world started to spin at disastrous speed into an abyss with no way out.

Isis remembers that She had to become incarnate at the end of time, in the conscious knowledge that the fate of Her Son Horus awaits Her on Earth; but only She can look upon the face of the Abyss. This was done...

The Hermetic principle 'as above, so below' is embodied in the letter X, in 2 equilateral triangles . This law is eternal. In a family, the woman bears a child from the man's seed; but not all seeds bear fruit, for the birth of new life depends solely on the Mother. As if in fertile soil, the child is conceived in her serene womb, when her womb is ready. It is the same on the Spiritual Plane. From the Auriferous Belly of the Mother came forth Her Son, who became the Father of the World, Spouse of the Great Feminine Principle. From the Universal Matrix, new Cosmic Consciousness is born, for only the Energy of the **Feminine Principle** provides the soil for the appearance of the new, for creation, using Her Inexhaustible Spiritual Power, the Power of the

Although all the prophecies and scrolls of ancient men of wisdom told of the Appearance of the Great Mother of the World, the Queen of Heaven, Sophia-Divine Wisdom (Sothis), Zventa-Sventana, the Spirit of Truth, 'the Wife, Clothed in the Sun', the world did not accept it's Consoler...

When, at the end of the Age of Pisces, the planet Earth was in the hands of the Dark Forces, which had seized all its spheres, and the planet could sense the approach of its death agony, the Karmic Stellar Council undertook a final attempt to save Earth. A universal, divine, Cosmic Programme to Save Earth was developed. Ancient Kievan Rus' was chosen to be its centre; from there, the Appearance of the Holy Spirit, and His spread across the whole Slavonic region and

the entire planet, were to start. For the Slavs are the most ancient proto-ethnos on the planet, having originally appeared in the Solar system from Orion constellation, from the Great Mother and Father of Creation.

The roots of the ancient proto-language are to this day preserved in all the world's languages. For there was but one people on Earth — the people of ancient Sirian Culture. For there was but one Divinity on Earth — the Great Mother RA. «The Wife Robed in Sunlight» — the Chromosome of Slavs, of RA, of Light, of Gold — the Cradle of Life. And the blessed golden planet flourished Joyfully and Abundantly, like a garden Paradise.

The root of the Name of the Ancient Mother Goddess, RA, is preserved in the very word 'RACE', literally 'light' i.e. the primeval light of creation. But eventually everything spins on its own orbit.

It was for this reason that the Karmic Stellar Council decided that only Spirit of Isis could Save Her Creation. And that was when Isis-Mother-RA Descended to the world. For no-one had more power to bear the burden of the ailing animal, dying on its feet, that was the world, to give it the Light of the True Spirit, Knowledge, and to prepare the planet for the transition to a new quantum leap, to the 6th RAce.

VIII

The 5th level of consciousness had plunged the planet Earth into the lowest layer of the Material Plane. Cosmic Ships had stopped appearing above planet until the Time of ascension. In the Age of Leo, the Cosmic Voyagers had come to the planet from the Sirius System. At the end of the Age of Pisces, an earthly incarnation was necessary, with the subsequent Explanation of Isis and Her Second Birth from Above, like the Birth of Jesus Christ.

To be born again, She had first to die and discover rebirth. Thus had it previously come to pass during Her Explanation.

She knew she was leaving her body. Her heart stopped at the very moment when She felt that she was leaving the earthly world and actually passing the barrier between life and death...

And lo, the long-awaited flight in the luminous body along a wide, pipe-like tunnel! Already dressed in non-terrestrial white robes, she is flying towards the Light at lightning speed. Beside her are two Angels, the male and female principles. Their melodious voices speak of Her Beloved Jesus Christ. He had appeared to Her in a dream shortly before Her departing, they were together again, the Loving Spouses, Jesus and Mary. With a Prayer to Her Everlasting Beloved, She was departing this life; She recalled His torment on the cross and sudden Resurrection — for His heart, too, had stopped then. In the same way, His Spirit had risen to the Spiritual Plane, and, on the 3rd day, Christ in a body of Light had returned to His physical body, which was reposing in its tomb. Quantum Fohatic Energy — more that 100 r-units — revived His heart. The balms brought on the effect of a photographic flash within the winding sheets. Traces of the abuse His body had suffered, the mortal wound, the congealed blood — an image of all this was in an instant transferred to the shroud in which the body of the dead Jesus had been lovingly wrapped.

Mary knew, that He would not abandon Her at a time like that, when so many evil forces had arisen against the Saviour. They had decided to destroy the Divine Teaching and its followers. Mary constantly appealed to the Great Mother, and Her Prayer was so exalted that the dark clouds hanging over the Earth were torn asunder. The Sun appeared and the huge Heavenly Eyes shone against the hazy background. They looked at Her lovingly and tenderly, as She moaned forlornly, as 11 centuries previously,

when in the image of Isis She was near Her consort Osiris. They sent Her support and the great hope that They would soon be together again. Her great suffering began to bring forth stigmata on Mary's body.

On the 3rd day, with the disciples, She came in secret to the cavern. They rolled back the boulder from the entrance, went inside and, marvellous to behold, the Spirit of Christ had returned to the body.

The wounds were still fresh, and blood had begun to flow from them. They dressed Jesus in fresh linen, weave side up, then, when darkness had fallen, they transferred him to a secluded place, where the extenuated Jesus remained for some time. But when He could move around on His own, Jesus and Mary took to the road, with Their devoted disciples.

Bible: The Gospel of Luke 24:36-43:

36 While they were still talking about this, Jesus himself stood among them and said to them, «Peace be with you». 37 They were startled and frightened, thinking they saw a ghost. 38 He said to them, «Why are you troubled, and why do doubts rise in your minds? 39 Look at My hands and My feet. It is I myself! Touch Me and see; a ghost does not have flesh and bones, as you see I have». 40 When He had said this, He showed them his hands and feet. 41 And while they still did not believe it because of joy and amazement, He asked them, «Do you have anything here to eat?» 42 They gave Him a piece of broiled fish, 43 and He took it and ate it in their presence.

John 20:26-29:

26 A week later His disciples were in the house again, and Thomas was with them. Though the doors were locked, Jesus came and stood among them and said, «Peace be with you!» 27 Then he said to Thomas, «Put your finger here; see My hands. Reach out your hand and put it into My side. Stop doubting and believe». 28 Thomas said to Him, «My Lord and my God!» 29 Then Jesus told him, «Because you have seen Me, you have believed; blessed are those who have not seen and yet have believed».

Many dangers lay in wait. Jesus was ill for a long time after His terrible death on the cross. The lingering wounds in His hands and feet constantly gnawed Him, the wound near His heart pained Him. But, exerting incredible willpower, He continued to create the Divine Will. New disciples, both secret and open, came to Him as well as witnesses to the Appearance of the Son of God. They provided shelter and everything necessary for the lives of Jesus and Mary, who had left their homeland. For no man is a prophet in his own land.

We loved Each Other to distraction. But We went on hiding from the roman authorities and suffered cruel deprivation, but Our Cosmic Service to the Great Mother and mankind was a Blessing from Above.

To the end of days I remained with My Beloved, helping Him to preach His Teaching. When the time came to pass through death, We accepted our lot...and were together in the Sirius System, before My last return to Earth.

I was looking forward to my next Meeting with My Beloved, but since His Spiritual Energy had fed the planet Earth throughout the Age of Pisces, it was up to me, in the new Age of Aquarius, to Appear and Reveal the full power of the Fohat, the Planetary Spiritual Energy for the Salvation of the dying planet Earth.

And lo, I have flown into the arms of My Jesus, Horus, Osiris, who, being at once of Sirius and in the Spiritual Plane, was preparing to hand over His sceptre of Spiritual Power to the Great Mother Isis...

'Mary?' A woman's angelic voice chimes in the space above the world.

'Yes.'

'Do You love Jesus?'

'I could not live without Him!'

'He is waiting for You.' Another angelic voice, male, rang out, spilling over into Endless space.

This was the delicate, Ethereal layer. The angels helped Me to pass through the Astral Plane, and as I ascended My membranes became finer and finer. I was now floating in a zig-zag labyrinth in a body of liquid plasma, overflowing like mercury into a vessel, exposed and vulnerable. But My mind was working clearly, noting all the subtleties of the transitions, feeling every condition, recording all around Me. In ethereal bodies, the senses of sight and hearing are completely different.

My Star, Jesus!

The Turin Shroud forever embodied the Image of the Son of God Jesus Christ. And Maria has embodied his Image in her heart forever. It was he who revived Her, it was he who opened up for Her the Spiritual World and everything in It... She knows and loves Him with all Her heart, Her comprehension and Her soul. He is the Star, the Fate, the Life, the Eternity, the WAY to Heaven For Her...

One feels every particle of the surrounding space and sees oneself differently. I could see Myself from above, from a different dimension, but in fact I was seeing everything from inside Myself. What was happening to My membranes no longer depended on Me myself, and was unpredictable, because in this incarnation I was undergoing for the first time the experience of shedding all 7 bodies. The priceless experience of life after death...

The angels remained behind somewhere, giving Me to Myself, while My 7 Bodies disintegrated on to the 7 planetary levels. My Physical Body lay lonely on the Earth in a hospital gown, dead and motionless, torn from my soul and the other ethereal spheres. My Ethereal and Astral Bodies remained on the Ethereal and Astral sub-planes. My Mental Body, in the form of a light, blue cloud, remained in the Fiery world of mental images and spontaneously abandoned itself to free flight.

'Is this really I?' My Mental Body asked Me, light and freed from the conventions of matter. 'Yes, it is I...and I will never return to the Earth,' it repeated to itself,

carelessly floating on the shoreless ocean of the Fiery world, which is populated by other mental images of various shapes, colours and likenesses.

How surprising that, when one is outside the physical body, thoughts are so loud and dimensional, spinning away into infinity!

At last: **the silver vacuum cosmic station. It has no walls.** An unseen force presses Me into a corner, I have absolutely no control of My own will. I am fettered and motionless. A space machine hovers above Me: the Sirians. Their language sounds like old Slavonic. The endings of their words flow over Me in a melodic shower: oss, yooss, ooss, ess, eess... Their speech is beautiful, a little different from the speech to which I became accustomed on Earth.

This is Explantation, Unity with the Planetary Logos. They take my name, Marina, and reverse the order of the syllables, so that the end comes first; it is as if they have turned it inside out, as if they are penetrating its inner sacrality and are opening My Cosmic Code. From being material, My name becomes anti-material and acquires different vibrations, the repetition of which causes strange metamorphoses in My exposed causal body. It is as though someone is touching My exposed body and is moulding a New Me out of the formless Me. This is painful, because My membrane is transformed and I am unbearably exposed...

The Sirians suffer with Me. Their voices are high and commanding. They share My agitation. I repeat after them the mantra word derived from My SacRAL Name. With each word I say, I feel pain because a golden or silver globe, with high-frequency sound vibrations, emerges from My Diaphanous Body.

This continues for a duration beyond measure. The globes fly into endless space, and I am aware of open ethers all around, while sounds are borne off to infinity. All is pure, and We are the only living souls. I start to become aware that this is the process of Explantation, that they are preparing Me for a New Cosmic Mission on Earth. They are purifying My body, as though in limbo. They are filling me with Fohatic Energy so that My Radiations may be transferred to the planet Earth. The Spirit of Jesus Christ's Planetary Logos is United with the Soul of His Beloved Spouse Mary, Isis,

Aphrodite, Venus... A new Multidimensional Soul is born, the soul of the Mother of the World.

At last this Holy Act is complete! All Our Spiritual Bodies have Joined.

You shall become a Star, a heavenly voice rings out, and I remembered the pyramid scrolls, where it was written 'become a star, as a living soul...'

This meant that My New Essence had been born in the Sky as a new Star, the Star of the Mother of the World. Someone's hands carefully led Me into the star's metallic globe (meteorite iron?). I began to spin, extended like a cross, sensing My second 'I' in the Cosmic Double-Star formation. Then My Soul, free from all membranes, began like a moth to circle above the Universe in the shape of a cross, along the Mobius band.

I felt light and free, blessed in every conceivable way. But a feeling of ineffable alarm when suddenly I saw our Universe from the side...

It was like a huge centrifuge, the colour of steel, slowly, creakingly, spinning to a dismal melody, an ailing space, poisoned by the negative radiations of the Earth.

This pained Me. For, once, not long after the end of the 4th Race, the aura of planet Earth and the Universe had still been full of the Fohatic Gold of the Holy Spirit, and a delicate chime had still risen from its sphere. The music from the sphere had been so beautiful! ...But now!

'The Earth must be saved urgently!' The words thundered above, and I understood — it was time to return from Nothingness!

In that instant, dressed in white Bridal clothes, I appeared in a giant white sarcophagus. On My head was a royal diadem of precious stones, and in My hands a sceptre.

I felt that once more I was dying, that people were saying their farewells to Me. For, to be incarnated on Earth, it is necessary to die in the World of the Spirit. A loud tolling of bells was announcing My Departure. A long procession of the tribes and peoples of all ages streamed past Me. They passed at quite some distance from My sarcophagus. But, seeing at the same time both my Glory and my Departure, they all bade me a silent farewell. And I lay like a Bride who has

Beheld Her Beloved Christ. I was in the Highest State of Divine Ecstasy from the Universal Love and Union with My Eternal, Beloved God — Hor, Osiris, Jesus.

'Mary and Jesus — One Being!' 'Mary and Jesus — One Being!' 'Mary and Jesus — one Being!' Over and over I repeated the Secret Words, becoming ever more conscious of that. The chime of the bells of the universe rang joyfully through space. Blessed delight reigned in My Soul.

Suddenly, My sarcophagus began to spin rapidly, revolving faster and faster. In a matter of seconds My New Essence had returned to Earth to the motionless physical body that had lain without breath, forgotten, and abandoned to the whim of fate, by all, for 3, 1/2 hours now. My Ethereal Body flew in through the ceiling and entered the dead flesh. I opened My eyes, and even before I had become accustomed to physical flesh my burned consciousness made out a bundle of sparkling rainbows and the vibrating walls. A strange humming sound was coming from the walls, as if the energy flows had melted the material. Everything around me trembled from the powerful Radiations of My Fohatic Energy. This was precisely the kind of Energy that had burned Jesus Christ's shroud, leaving prints of His corporeal membrane on the cloth.

I did not feel My physical flesh for some time after entering My body. My body remained fleshless, for My spiritual membranes had not cooled. They burned through My physical body for some time after entering it. My hands looked like burning electric lightning; My completely decompressed (to 3-4 cms in diameter) fingers were burning with live electric fire that blinded rather than scorched. When I saw all this, I was aware of the whole Doom of My Appearance from Above.

I am the Cosmic Ambassador who Radiates Quantum, non-human Energy. This is the Fohatic Power of the Great Mother.

Isis remembered, like in the last instant the Earth yawned on completion of the 22nd Arcana. She remembered that those who had hated and betrayed Her had rushed around, calling Her Sacral Name — Maria Devi Christos — in an attempt to save themselves. It was too late; their souls were too heavy to transform themselves, to move to a higher level...

Space breathed unhealthily with the spawn of the dead. A wave of tremendous power washed everything living from the face of the Earth. The sun's onslaught went on and on. The fiery tongue of the enraged Sun mercilessly licked the diseased body of the planet, the waters boiled, the Sky melted without an atmosphere and flowed in clouds across Earth' desert spaces. In one instant, screams proscribed the Cosmos, and the Cosmos shuddered at the inevitable catastrophe of the fallen planet, with no right to prevent the Forces of Punishment from Completing the Just Chastisement...

The crystals unexpectedly started to vibrate and lit up with a bright light. This obliged ... Ast to return suddenly to reality from a terrible dream of Her last life on Earth.

It was Tiphon stepping up on to the steps of the malachite staircase that leads to the Golden Pyramid, inside which was the spheroidal Temple (khram), the Tabernacle of the Great Truth. He knew where the secret door was, and, crossing the terrace, made for the north wall of the Pyramid Ast. He touched the wall with the diamond sceptre, and an oval sphere floated out of the golden, monolithic, isosceles triangle. A high-frequency chime rang out, and the internal space of the PyRAMid opened to his gaze... Dazzled by the light, Tiphon stepped into the aperture.

'Aum-RA!' He pronounced the sacral Name-key. In an instant, the light space was filled with small rings of different colours. Tiphon was in the tunnel of light, and was immediately standing before his Mistress.

'Hoorah! Blessed Ist! May all Your Names be praised, as also the Fair Images of the one whose

Eternal Name is the one Truth — Istina in Rus'. Reverently, he prostrated himself on the mirrored surface of the emerald floor before the Great Mother.

Isis stood before Tiphon in Her Arcane Golden Radiance, but she did not allow him to look on Her Face.

'Hoorah! Tiphon! I know what has brought you to Me so late'.

'Oh, Illustrious one!'

'I permit you to visit the Sirius System to test myself again — I have subordinated my forces of chaos to the Law there in force. You have one day only. While you are on Sirius, 1,000 years will pass for the 6th Race on Bohemia. By that time, one generation of earthlings will approach the end of its life, and you shall go and test the strength of the earthly generation. There My Son Horus will meet to you, and the Z of you will fight the last battle. Your forces will be subdued by the Light, and your mission will be completed once and for all... Never again shall evil disturb the ethers of the Universe! Your soul shall be free, and you shall become a faithful protector of the Great Mother. You shall accompany the Barque of Millions of Years to the Ocean of Eternity. Be brave and strong in your LOVE for the Great Mother! I bless you. Aum-RA!'

...Space was filled with a multitude of toric rings, bright rainbow-hued light began to vibrate, and Tiphon dissolved in the long corridor of light.

The spherical music died away, and primordial silence reigned in the House of Isis...

XIV

Once again, Isis sank into troubling reminiscences. For only yesterday (by Sirian time) the Earth had undergone a transformation, and that was the **Victory of its Light**. Being on Earth the 22 arcana, the Mother of the World completely energised its ethers with Fohat and prepared a new Mental body for the Earth. Now the planet was glowing with primordial gold, and Aist, in the form of the winged Bird, flew off to explore its new expanses...

* * *

In the year of the Dragon, when the 22nd arcana was complete, a huge, shining cloud descended from the Skies. This was the Orion's long-awaited Spaceship! For how many years had Isis and Her Spouse been imagining this arrival on the threshold of Judgement Day (the day when the Apocalyptic 'Wife, Clothed in the Sun' appears in Heaven).

Thus, at the last instant, when the Earth was shedding its ragged clothing, a sphere appeared from the white cloud, and from the sphere — an eight-winged, unfolded, dual pyramid, which landed soundlessly   . We wasted no time in ascending the platform, tears in our eyes, joyous at the sense of Duty

Done! At last the Cosmic Programme was complete! Orion called Us to him. The entrance to the Spaceship was open only to those who were prepared to follow the Mother of the World with devotion. Many hurried joyfully up to the Space Ship, but even more were unable to do so, even though other evacuation ships had landed behind Orion's.

It was a sad spectacle, but we understood that the time had not yet come for these sad souls. They were unprepared for the Highest Cosmic radiations and the transition to the new conditions of life... With time, however, they too would return to the Supreme Sphere, to the Spiritual Plan, to the Womb of the Great Mother, when they achieved an enlightened consciousness, through a series of reincarnations... Their spiritual torments and suffering, but souls do not die, they merely move on to a new sphere of consciousness...

...Our past life had been like a strange dream. At the end of our tether, exhausted, rejected by the world, We ascended to Orion's Spaceship Vimana...

...The Spaceship floated smoothly through open space, and, in a matter of minutes, We were in the Orion System. Many others were taken to the Pleiades, the Great Bear and Sirius.

XV

We made a smooth landing on the cosmodrome of Orion. The bright light of the atmosphere struck our eyes with myriads of visible, living, ethereal sparks. We changed into special clothing inside the ship. My Beloved and I donned our neckpieces, our arm and leg bracelets, and golden sandals, and took up the keys of life and the divining rods. During the flight, Our bodies had been cleansed of all negative earthly energies, and all flows had been harmonised. All cosmic codes (blocks) were decoded during the flight and We felt Youth, Beauty and Spiritual Radiance returning to us. The Powerful Energy made Us real Cosmic titans.

In that state We — the Cosmic Travellers — descended on to the white square of the cosmodrome in the Orion System. We were filled with Joy and the feeling of Duty Fulfilled.

'Hoorah! Orion!'

'Hoorah, oh Great Mistress of the Light and Spouse of Eternity!' Thus, with one voice, the White Cosmic Host of Orion greeted Us. They sang Hymn to Isis and Osiris, and Our earthly White Warriors,

emerging from the Ship with Us, took up the Hymn, and, together with the warriors of Orion, bent their knees in reverence to Us.

Among Our number was a young, 14-year-old priest called Anubis. Although he and I were incarnated in the form of the beloved cat-hermit, the cat had, during the flight, been miraculously transformed into the youth, Our faithful Son and servant, our pupil and disciple. For he could not imagine life without Isis in any of the plans of Cosmic Existence...

XVI

'Am-RA!' Space started to vibrate, and Hathor and Horos appeared in Her rose sleeping chamber (Boudoir) with the crystal couch, scattered with the petals of light-blue roses — Ast's favourite roses. How often She had dreamed of this sleeping boudoir when she was there, on Earth...

Only here did She remove Her cosmic trappings — her neckpiece, bracelets and golden sandals — when She was alone with Her Beloved Hor-os.

'My Truth, Bathe in the Gold of the Light and Turn away from all Your earthly cares. I am assuming Your Burden, and I will be Bohemia's guardian until it grows and becomes the 7th Race.

'Oh Golden Hor-os, Our cosmic tabernacle (Abode) is perfect! At last I have consigned to oblivion the horror of Our last incarnation on Earth...'

'Yes, My Truth. My Bliss, rest from Your Labours for the Universe. Melt away in My Embrace, Isis!'

And Hathor (Home of the Sun) sank into a Blissful, Primordial Dream of Ecstasy, in which 2 Great Principles melded into the Single Photic Harmony of Universal LOVE...

Epilogue

Life on planet Earth increased. The 6th Race gradually settled the renewed planet. Exuberant Nature, air clear and pure, bodies of spring water, 2 Suns. The earthlings move around in the air, levitate, transform themselves, and communicate by telepathy. They know the Laws of Light and Sound. They raise city-spheres, towers and pyramids to live in, and disease and suffering are unknown to them. The planet exudes abundance and Harmony. It is a Spiritual State, with one single law, the Law of LOVE, and a single language. It lives a full life, absorbing the Culture of the Mother of the World. The priesthood sings praise to the Great Mother. Precious stones lie underfoot. People want for nothing. The cosmos is open, and interplanetary flights and mutual cosmic fraternity are renewed.

The planet emits auriferous Spirit-Light Energy. Human life lasts 1,000 years. And this is not the limit, but only the beginning, of the earthlings' spiritual evolution...

...While life on the planet Bohemia increased, Orion carefully monitored the new life on the Transfigured Earth, which had entered the 4th dimension. Bohemia flourished like a lush garden. The 6th Race had begun its rotation in the Universal Rotation, beneath the White Wings of the Great Mother Sva.

★ ★ ★

...The White Wings of the huge Bird, soaring in the air sparkled with all the colours of the rainbow. The Bird was huge, and, amazingly, hovered above the surface of a broad lake, admiring its reflection in the water, the surface of which was like a mirror the colour of old turquoise...

The Solar System was born in Embrace of Sirian Goddess RA — Isis: the Great Mother, with the ten thousand Names. Celestial PARADISE was reflection of Spiritual Plan of Mother of Light in person, Ancestor of all that lives, and primordial Transformed in the Spiritual System of SIRIUS. Grains of Spirit from the System of Sirius have been growing on all Universes. And the Universe (great Village, settlement) was filled with Light of the Gold Indivisible of Sirian Culture.

A Culture — is Cult of Light, Spirit, Gold of Shining Uniscenty Mother RA — MaRA — ruled in everything living, sounding and colored, radiant Cosmos. For Cosmy (coshmy) — in Russian — hair of Great Mother, like an antenna of the Indivisible Power System, filled the Universe of Her Fohatic Light Power of Eternal Spirit. Cosmos vibrated, breathed, shone in plenitude transparent spaces of thin-sounded of Pure Idea. The Great SamaDhi — She Herself Breathing — Energy of Mother of Light, Holy Spirit, Maria DEVI CHRISTOS — Mother of Spirit was reigning. And all living and all inhabitants of Universe felt the higher state of bliss.

The populated planets and Star Systems were protected by demigods. Demigods, similar to Great Mother of Light and Her Father, Son, Spouse, dominated in every system. Their ancient names are entered in History of Earth, as names of veda gods and goddesses: Indra, Zeus, Perun, Poseidon, Dazhbog, Kupala, Perunisia, Zhiva (Diva), Devana, Lelya, Kolyada, Radunisia and other. And Great Mother stood at

the head of Skies and Iriy — Ancestor IS-RA or RA-IS — Istina (Truth). She Gave birth the Sun — Osiris-Horus.

Is Toriya — in russian — the Way of True, Isis, motioning all that lives of torus (so, as a Light in Eternity!), — saves memory of flying cities-spheres, intergalactic and interplanetary flights and travels on **WhitemARAs** (White MaRAs) and **Vimans** (ship-invisible beings), capable to change from thought and to fly, similarly thought, everywhere. «Man» — means «mind». 144 capsule-Vimans located in Whitemara.

Today many words store the true information on our history. But, as, the mankind degraded in a matter, having assimilated to illusion language human has changed and has lost the proto-genic figurative value. Many concepts have changed, and words have deformed, have filled with negatives, both many names and words have lost the initial sense. But, nevertheless, certificates of sacred places and signs Universal have still remained in sacred names and titles.

About that everywhere was Indivisible CultUre of Great Mother of Suri-Russia, say many words.

Here, for example, names of places where there have passed Shemsu-Gors — an imperial tribe of Great Mother — the Sarmat (Sar-tsar, RAs-White, mat-Mother, in Russian — White Mother).

IsRAel (Isis RA God). Today, so is named the country, where have given way to death Son of Isis — Jesus-Chorus-Christ (IX — Isis — Chorus — the Sun). **Ierusalim** — Ie-Rus-al-im — Ey Ma Rusi, Ey Ma Sur'i — Mothers Sur'i, Maria, Ey-Rusalii-Ma city, **Mil Asur Ey**.

So the city of death of Son of Isis, Spouse of Isis, It — Father of Heaven — Osiris is named. So is named the City of Heavenly which will go down from Heavens to the Earth, and 144 thousand «*in white robes*» — White Hosts of Mother of Light — white Light-Russy inter into it.

Si-On — Ki-On (Kiev!) — a place of Phenomenon of Isis — Mother of Light in the end of times. About this City it is spoken in «Book of Kolyada», about this City it is told in the Bible, only the human hand has changed much. But similarity remains. Twelve stones of Holy City of Ierusalim have not changed in these sources, and here the Female Principle is emasculated completely. But, nevertheless, some certificates remained: twelve gates, twelve stones...

*«And I, John, have seen Holy City Jerusalem, new, descending from the God from the Sky, prepared, as the bride decorated for the husband».**

Irian City of Rusies is an ancient, vedic City of Siriusian Metaculture — Mila Suria Ey (Ierusalim, Jerusalem) also had twelve gates and twelve stones, shining the Rainbow...

Syria — s Iria — in Russian (from Iria), MitRA — MTR (Mother, Mother RA). KMT — HMT (Kamit, Hamit — AkMat — White Mother). RAI (Paradise) — YARA, where I (Й, Я) is a Male Principle, and RA — is a Female, where are Light and Sound, Soul and Reason, the Bosom of Great MTR — Mother Sothis (Sofis — Sofia, that means «Burdened»).

Sothis-Sirius, sota-in Russian (honeycomb) — is a primary cell of the Light Information, a coach of Light and Sound — two pyRAMidal triangles: Female and Male in merger, a

hexahedRAL base of all Real. Mother — Sirius-Sothis keep the Amrita-nectar — Elixir of Immortality in hexahendRAL Vessel of Eternity: in the Sacred GRAal! It is the Light of RA and the key Word-Sound that known only Isis. It is Her Philosophical Stone (Kamen — in Russian): Ka — ak (soul, white); men — nem (mind, consciousness; silence); it is literally: white silence of soul, purity. Man (men) — a name of First terrestrial androgin. From here the name of Goddess of Love — Kama (soul of Mother, Mother of soul, or: Ak-Mat, Ahmad — White Mother). Two triangles in merge is a core of sphere of the Universe, its basic formula.

There is why all people worship to stone Altar. **Alatyr** — «is white-inflammable stone» which, under ancient legends, has fallen from the Sky and has connected itself all worlds. On the Alatyr stone was cut Laws of Light. Altar (Al — golden, TaRA — Goddess of the Light); from here the name of the Earth: Terra — Tower RA — Earth RA.

Such is sacral value ancient Egypt stone «ben-ben», that means «the seed of gods», and a stone of Orion — «chintamani».

In «Revelation» also it is spoken about «a white stone»: «...to the winning I will allow to taste a secret god-send, and I will give him a white stone, and on a stone the written **New Name** which nobody knows, besides, who receives...» (2.17).

About the Phenomenon in the end of times of Siriusian Goddess Isis, Mother Sothis — Sofia Burdened also it is told in «Revelation»: «Now a Great Sig Appeared in Heaven: a Woman Clothed with the Sun, with the Moon under Her feet, and on Her Head a garland of twelve stars. Then being with child, She cried out in labor and in pain to give birth» (12:1-2).

It is a Goddess Iriy — Isis, Sothis, the Shown Sofia — God's Wisdom. She is the Centre of Universe, the Sun — RA, «on Her Pead a garland of twelve stars». It is a new Zodiac circle from 12 constellations.

«With the Moon under Her feet...» — the Moon — Siriusian Whitemara, with which help after catastrophe 13 thousand years ago the Siriusian Nefers (Gods), at the head by Isis, have transformed the Solar System. The orbit of rotation of the Sun round the Earth has been changed for 365, 25 days within a year. The moonlight became paler, since the Moon has lost 1/5 part of the size: was , and became . The first symbol symbolizes burdened Sirius-Sofia, or the Kingdom of Light-Duat (Rostau), and the second is a symbol of the Absolute — Mothers of Light RA. And it is valid, Nefers having gone down from the Moon to the Earth, in a point of median meridian — 300 northern latitude and they did one's the utmost to create on the Earth which has suffered from catclysms conditions for origin of present Fifth Race. Luna (the Moon) — Iono (bosom) had a name Selena, that means: Beloe poselenie (White settlement). From Her name there were words: «Selo» (Village), «Poselenie» (settlement), and «Vselennaya» (the Universe). Because, precisely thanks to bosom (Iono) of Selena to the Earth from Iriy (s Iriya) (Sirius) has been delivered all necessary for its development. White rice as one of the basic cereals of a food has been delivered from Sirius: Ris (rice) — sir, Sirius. «You what, from the Moon have fallen down?» — ordinary expression stores history about landing Lunar Viman with Nefers.

When Nefers have constructed the Space Laboratory on the Earth named KMT — Kamit (from here words: chemistry and alchemy), has earned the Interstellar Mega Complex AST. AST — it is the Name of Isis and means — the Star of Sirius . So, the Great PyRAMid was named. Precisely in the Great PiRAMid AST has been ciphered the messianic prophecy, warning mankind about the Second Coming of Christ I Image Isis in person in the end of the Fifth Race before planetary Quantum Jump.

«A Woman Clothed with the Sun», — RA — the Light of Iriy! Eternity Light! «Gospel» — «Evangellie» (in Russian) — Eva — the Name of Woman, the Life, An — God, gelium — the Sun) — «a Woman Clothed with the Sun», — the Got Mother. Later, the Image of Siriusian (Suriyskoy, Russkoy) Isis came in Christianity, as the Image of Mother and Wife of Jesus Christ (Son of Isis — Gorus, Horus (Is, Hr — Иc Xp — in Russian) IX — Isis — Horus — Sun).

«Then being with child, She cried out in labor and in pain to give birth...» Burdened by Light Sophia-Sothis — is Mother of Light RA! Mother RA, MARA *Op* .

Nostradamus forecasted about Phenomenon of Great Mother — Holy Spirit (also in his name ciphered the information about Phenomenon. «Nostradamus» — it means — «White Lady»).

Here is his prophecy:*

«...The great kingdom of Antichrist will come. But the Good fortune of Spirit Sacred, begun with 48 degrees (Donck city), will cause resettlement of the people and will expel disgusting Antichrist... And before there will be a solar eclipse, the most dark that happened from the date of creation of the world till sufferings and Jesus Christ death and, then, up to now. Also there will be in October a great movement. And it will be so cruel, as if the Earth has got off from the natural way and has plunged into eternal Darkness. Before spring, and after it there will be extreme

changes, transformations of empires and the strong earthquakes interfaced to unknown growth of new Babylon. And the horror of the first sacrifice will lead to increase in number of contemptible daughters. 73 years all it more and also will last seven months.

And after this from a kind THAT will be allocated that during so long period remained barren. (Barren was considered Isis, She has conceived Gorus after death Osiris, Having revived His body by the higher Magic — by Author). It is about 50 degrees (Kiev city) and will update christian church...»

Similar history about «barren Isis» repeated two thousand years ago, when incarnated Gorus (Horus) Jesus Christ was crucifix by Israelite, and suffered death on the cross. Beloved Wife Mary (Maria) (MagdaLena — mag — ordaining, great; «lena» — the Universe (Vselennaya — in Russian), Selena — Great Universe) — incarnated Goddess Isis, healed disfigured body Herself Beloved, recover Him to life, and soon She has conceived the wonderful and lovely child from the Divine Spouse.

When time of Her new Phenomenon in the IMAGE of Mother of Light RA in the end of a Fifth, most by fallen of Races human was executed, She Was, as well as has been predicted, with 48° (Donetsk) in the centre of Russia on 50° — (Kiev) — New Jerusalem. She was with the New Name and the Titanic Universal Program of Rescue of mankind to prepare for 22 years (22 lassos) consciousness of the Earth for transition in a new time coil — the Sixth RAce. But She was anticipated by an artful Set and (together with baby Gorus — John-Peter Vtoroy embodiment — Divine Spouse of Maria DEVI CHRISTOS) has hidden in a dungeon, as well as 13 thousand years ago. But despite constant intrigues of Dark Forces, Great MatMother RA again Has won!

Being the Spiritual Teacher of the Divine-Space Program «USMALOS» (Jupiter, Saturn, Mars, Moon, Orion, Sirius), Mother of the World Maria DEVI CHRISTOS Has made all planned from Above. Also has wholly Won back the Mystery of the Victory of Light over Harm and Dark in the Universe.

The Moon as the Space WhitemaRA, served for Mother of Light as a link with a super civilization of System Sirius-Orion.

Finishing small digression in HIStory, should reveal to earth dwellers the basic Secret of the Name the CHRIST (ΧΡΙΣΤΟΣ).

Isis», was considered as the Lunar Deity, for the Moon is a Sirian Space station. And Osiris and Isis arrived from Sirius to the Earth by means of the Moon — Wightmara.

Quantum Leap — poles' reverse, transition of the planet Earth and all Solar System to a new level of formation, into the new dimension.

Sophia-Sothis of Sirius — the Mother of the Universe, Uniting All Existence in Herself, the Absolute of Omniscience.

Star System Orion — equatorial constellation. The belt of Orion is formed by three stars: Mintaka («belt» — in an Arabian way means), Al-Nilam («a pearl belt»), Al-Nitak («Sash»). They will defend from each other on identical angular distance and are located in a line, specifying by the southeast end to blue Sirius (in Constellation the Canis Major), and the northwest end — on a red Aldebaran (in a Taurus). The brightest stars: Rigel, Betelgeuse and Bellatrix. In Orion there is the Big Fog of Orion. There are many hot stars in the constellation, which form starry association. Star System Sirius — System of a super-civilization with the Central Sun, inhabited planets and stars. It is a multidimensional Abode. There are Sirius A, Sirius B and Sirius C. The life was transferred
